SKILLS

- **Languages:** Python, C++, JavaScript
- **Frameworks/Library:** HTML, Tailwind CSS, Node.js, Express.js, React
- **Tools/Platforms:** MongoDB, Git, GitHub, Docker, AWS, GitHub Actions, Kubernetes, Terraform
- **Technical Skills:** Data Structures and Algorithms, Problem-Solving, REST APIs
- **Soft Skills:** Team collaboration, Adaptability, Detail-oriented, Punctual, Time management

PROJECTS

Real-Time Collaborative Whiteboard | [GitHub](#)

Feb 2026

- Developed a real-time collaborative whiteboard where multiple users can enter the same room, draw at the same time, and see each other's updates instantly through Socket.IO synchronization.
- Implemented secure authentication with JWT and Google OAuth, and protected the main routes so only verified users can create rooms, join sessions, and access the whiteboard features.
- Added chat, screen sharing, and user presence so teammates can communicate, present their screens, and always know who is active while working on the board.

Tech Stack: HTML, Tailwind CSS, React, Express, MongoDB

Project Management Website | [GitHub](#)

Nov 2025

- Built a full-stack Project Management Platform supporting multi-workspace collaboration, role-based access control, and hierarchical team structures for enterprise-level project organization.
- Designed and implemented real-time analytics dashboards featuring task completion metrics, priority distribution charts, and overdue task tracking to provide actionable insights for project managers.
- Architected a scalable RESTful API with modular routing, secure authentication, event-driven background processing, and automated email notifications for seamless team collaboration.

Tech Stack: HTML, Tailwind CSS, React, Express, PostgreSQL

TRAINING

Frontend Development | Board Infinity | [Certificate](#)

Jul 2025

- Completed Frontend Development training, gaining practical experience in building responsive and user-friendly web interfaces for modern web applications and real-world scenarios.
- Created multiple projects, including a personal portfolio website and a Weather Forecaster application, demonstrating real-world application skills through hands-on implementation and problem-solving approaches.
- Developed expertise in designing interactive and visually appealing webpages, enhancing user experience and layout structuring with a strong focus on usability and consistency.

Tech Stack: HTML, Tailwind CSS, JavaScript

CERTIFICATES

- Privacy and Security in Online Social Media | NPTEL | [Certificate](#) Apr 2025
- Introduction to Hardware and Operating Systems | Coursera | [Certificate](#) Sept 2024
- Fundamentals of Network Communication | Coursera | [Certificate](#) Sept 2024

ACHIEVEMENTS

- Solved 450+ Problems on Leetcode | [Link](#) Feb 2026
- Solved 100+ Problems on GeeksforGeeks | [Link](#) Feb 2026
- Earned 5-Star Badge on HackerRank for Problem Solving | [Link](#) Nov 2025

EDUCATION

- **Lovely Professional University** Punjab, India
Bachelor of Technology - Computer Science and Engineering; CGPA: 7.29 Aug 2023 – Present 2027
- **Baldeo High School** Bihar, India
Intermediate; Percentage: 70 Mar 2021
- **Dayal Public School** Bihar, India
Matriculation; Percentage: 89 Mar 2019
